## The Ultimate LASER Experience

The Badlands is an animated laser adventure that adds a new dimension to coin-operated video entertainment.

### Meet Buck

A hard-working family man whose wife and children have been brutally slain by a vicious band of thugs led by the ruthless Landolf. Buck has only one mission: to avenge the death of his family. Not until Landolf and each member of his mob is dealt with will Buck have his revenge.

### Can You Collect The Reward?

There's a price tag on the head of Landolf and each member of his gang. But remember, the Badlands is no place for the faint of heart.
